Join us on **Wednesday, June 12, 2024**, for our annual **Forensic Accounting for Attorneys** seminar. This comprehensive seminar aims to give you the knowledge and skills necessary to effectively utilize financial experts in legal cases, ultimately enhancing your ability to secure favorable outcomes for your clients in and outside of the courtroom.

Our [forensic accounting team](#) includes some of the region's most experienced practitioners and nationally recognized experts who have extensive experience in serving attorneys and their clients. The Dean Dorton team will guide you through practical case studies, share valuable insights, and provide actionable strategies for leveraging financial expertise in legal matters.

We are offering this event in a hybrid format, so you can join us in person or virtually depending on your location.
