

Gain Insight into the Complex World of Economic Damages

ARTICLE 06.19.25 SCOTT DALTON

August 20 @ 7:56 am

Join Dean Dorton's Forensic & Valuation Services Director, Josh Shilts, for a webinar exploring the calculation and presentation of economic damages. This session is ideal for legal and financial professionals who deal with claims involving economic loss, whether in personal injury, wrongful death, or commercial litigation.

Josh will break down key components of damages analyses, including:

- Personal injury and wrongful death economic losses
- Lost profits and business interruption claims
- Methodologies for evaluating lost earnings
- Common pitfalls and challenges in damage quantification
- Real-world examples and best practices in presenting expert opinions

Why Attend?

This one-hour session provides not only a valuable overview of economic damages but also fulfills 1.0 hour of CLE credit. Gain practical knowledge you can apply immediately in your practice, while earning continuing education credit.

Who Should Attend?

- Litigators
- Insurance professionals
- Corporate counsel
- Financial and legal consultants
