

Raleigh Building Forward: 2026 Construction & Real Estate Outlook

ARTICLE 08.27.26 DANIELLE CAMARA

September 24 @ 5:04 pm

Dean Dorton invites you to join us for an afternoon of insight, perspective, and connection with leaders across the construction and real estate industries.

What's ahead for the industries, and how should you prepare?

Featuring a virtual presentation by [Dr. Anirban Basu](#), one of the nation's leading economists, this program will explore the key trends shaping the construction and real estate industries in 2026 and beyond. You'll gain a clearer understanding of the forces impacting your business, along with practical insights into emerging risks and opportunities.

The program will also include industry insights presented by Dean Dorton and conclude with an opportunity to connect with peers in your local market. Attendees will be eligible to earn up to **2 hours of Continuing Professional Education (CPE)** credit for participating.

Agenda

3:00 – 3:45 PM | Welcome & Dean Dorton Insights

3:45 – 4:45 PM | Economic Outlook with Dr. Anirban Basu (Live Virtual + Q&A)

4:45 – 6:00 PM | Networking Reception

Participants Will:

- Gain insight into national and regional economic trends affecting the construction and real estate industries.
- Understand current industry trends and their potential business impacts.
- Evaluate emerging risks and opportunities expected to shape the industry landscape in 2026 and beyond.
- Identify strategic considerations for planning and decision-making in a changing economic environment.

CPE

To be awarded the full amount of CPE credit, participants must be present for the entirety of the program, register their attendance and departure, complete the required CPE documentation, and submit all materials at the registration desk upon departure.

CPE Credit: Participants may earn up to **2.0 CPE credits**.

Field(s) of Study:

- Accounting – 1.0 CPE Credit
- Economics – 1.0 CPE Credit
