

Dean Dorton ranks among IPA Top 200 firms!

ARTICLE 07.27.18 DEAN DORTON

Once again, our firm has been ranked as a 2018 IPA Top 200 firm by INSIDE Public Accounting! Nearly 600 firms were analyzed through their responses to the [IPA Survey and Analysis of Firms](#), then ranked by U.S. net revenues. Dean Dorton was ranked as #116, making this the third consecutive year of being listed among the highest-performing accounting firms in the country.

The IPA survey is one of the longest-running and most comprehensive surveys in the U.S., and we welcome the ranking as validation that our commitment to serving clients with expertise, dedication, and innovation is making an impact in the industry.

Many thanks go out to our team members whose hard work lead to accolades like this!

David Bundy, President & CEO

“As always, it is an honor to have the expertise of our team nationally recognized. The firm’s ranking on IPA’s Top 200 would not be possible without our team’s dedication to providing outstanding client service, innovative delivery, and constant leadership. We look forward to continued growth and maintaining our presence in the forefront of the industry.”
