

# Enlighten 2017 Conference is Around the Corner – Don't Miss It

ARTICLE 11.28.17 DEAN DORTON

Learning doesn't have to be boring, and we want the chance to prove it to you!

Join us for our fun-filled, educational conference designed for our Sage Intacct users, happening on Tuesday, December 12th [at the RTP Headquarters](#).

This all-day event, going on from 8:30 am to 4 pm, will be jam-packed with opportunities to network, and valuable takeaways you can use to boost productivity, support your teams, and get more out of your day.

Our conference sessions are designed to add value to your [Sage Intacct financial management solution](#) and to supply you with the tools you need to streamline your business. The conference features 4 thought-leadership presentations by marketplace partners [from AvidXchange, Nexonia, WorkForceGo! and Avalara](#), and 3 presentations from our own Massey experts.

We've worked in plenty of breaks to network, visit our 4 marketplace partners' booths, and get to know other Sage Intacct users.

While you're there, you can get all of your questions answered about Sage Intacct, Massey Consulting, and our partners as you meet and mingle over a light breakfast and lunch, served from Rocky Top Catering.

Finally, to round out an exciting and educational day, we will have time to loosen our ties, laugh and make friends over a fun game of "Dirty Santa" –where everyone can participate, and no one walks away without a prize!

Attendance at the Enlighten 2017 educational event counts as 4.5 CPE credits and is FREE – yet another benefit of being there.

Whether you're new to Sage Intacct, have been using it for some time, or are thinking about bringing it on board for your company, there will be something for everyone at our Enlighten 2017 – the ultimate educational conference for Sage Intacct users.

Get all you can and more from your Sage Intacct software, and join us for an energizing, educational and fun way to round out the year. If you have more questions about our conference and its sessions, [reach out to us today](#) to learn more.
