

# Re-Imagine Your New Reality With Outsourced Accounting

**Outsourcing your accounting and financial functions** will give you time to focus on what is important to your success: marketing, customers, strategy, employee performance, innovation, and other critical core business processes. For an affordable and fixed monthly fee, you can have the confidence that an experienced professional is overseeing, protecting, and improving the financial side of operations.

**Through a next-generation cloud-based system,** key business information is available to you anytime, anywhere. You will have improved visibility into your organization's performance via real-time dashboards and timely monthly financial packages, giving you a better understanding of the financial side of the business with fewer surprises and greater control of cash flow.

## Our services

Premium software solutions

Customized workflow

Professional accounting team

Internal controls

Reporting

Multi-entity consolidation

Budgeting and forecasting

Consulting

Controller oversight

CFO coaching

Third-party integration

We provide accounting and financial services in a cost-effective and scalable way. We can serve as your entire accounting department or co-source to supplement your existing team—all for a predictable and affordable fixed monthly fee.

# Automate and Collaborate With Customizable Dashboards

Any financial system can churn out the basic financial statement,

but your peers and investors want much more.

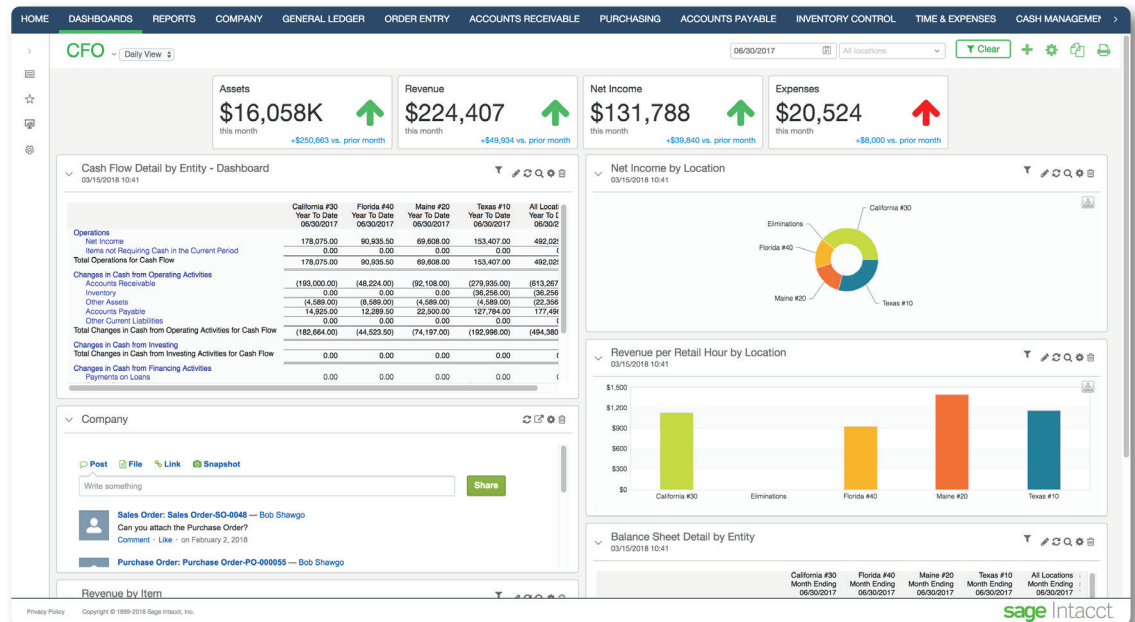

Dean Dorton Accounting & Financial Outsourcing (AFO) gives you comprehensive, real-time financial reporting and analysis so you have an up-to-the-minute picture of your entire organization. Create any report, dashboard, or visualization you need with the precise metrics that matter to your investors, lenders, executives, and department leaders. Dean Dorton AFO even helps you manage the finances of multiple locations and entities—domestic or global. Ask questions, get immediate answers, and make confident decisions about your company's future.

## Benefits of outsourcing with us

- » Real-time financial data and reports with access anytime, anywhere, from all devices
- » Role-specific functions like controller or CFO consulting to full accounting department outsourcing
- » Cost-effective fixed fee tailored solutions
- » Reduced stress of hiring accounting personnel
- » A team with expertise in various cloud-based technologies
- » Proper financial controls
