About Us

Dean Dorton's Nonprofit Team and Expertise

Our goal in working with you is to help you achieve your mission. Our ability to listen, collaborate on solutions, and then apply needed expertise - whether accounting, tax, technology, or consulting on operational issues - has allowed us to build long-term client relationships that help our communities thrive through the growth of the nonprofit sector.

1. Protecting Value

You work hard to create value for your nonprofit through fundraising, investments, leveraging employees and volunteers, technology, and more. We help you decipher the correct financial information to preserve and grow this value.

2. Creating Opportunities

Our tailored guidance and solutions focus on helping you understand what is and what isn't working well from an organizational perspective - not just the financial metrics. We help you access deeper insights to understand why in real-time.

3. Optimizing Success

We work to strengthen your skills by helping you decipher financial information, identify data trends, and understand exactly where your dollars are going in order to help make you a data-driven leader and enhance your success with complex strategies.
