

Slash the time you spend on bill approvals and payments by more than 50%

How It Works

Send Bill.com your bills

Scan or email your bills to Bill.com. Our automated system takes it from there.

View and approve them online

Bill.com routes to approvers and provides one-click access to any needed backup docs.

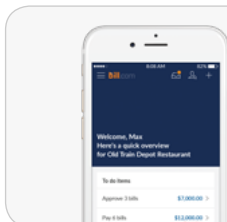

We pay when you say

Bill.com prints and mails the checks or pays electronically & syncs with your software.

Works with QuickBooks, Xero, Oracle NetSuite, and Sage Intacct.

Why is it better?
